Here's how to find free books (both public domain and otherwise) through Google Books.

The Truth About Horses Friends

Though schoolmates at first befriended her to ride her horses, the truth about these particular critters soon gets out. Only stubborn Melissa, who is determined to ride Sweetheart, and Rachel, who has no interest in the animals, stick around long enough to become true friends. Sophie has a stubborn streak herself.

Truth About Horses, Friends, & My Life As a Coward, The ...

At first it was just about the mean old pony Really. Eventually other horses arrive along with friends and crazy neighbors that add some interest. Unfortunately it never picked up enough for me to really enjoy it. Other than the friendship theme I really didn't see much of a point to the book.

He starts by recognizing vast differences between equine and human brains and mental processes.

The Truth About Horses: A Guide to Understanding and ...

Answer: No. Horse Slaughter is a Federally Regulated Industry. Opponents try to claim that slaughtering horses for human consumption is a states rights issue. However, this is not true. The slaughtering of any animal for human consumption in the US is a federally regulated process.

For Horse Lovers Everywhere: The Truth About Horse ...

Some reports, such as Joe Nickell's Secrets of the Sideshows, give Schlitzie's birthplace as Santa Fe, NM instead, and others still say he was born somewhere in the Yucatan, though this may be a sideshow legend, as Schlitzie was billed as the "Last of the Aztecs" for a time, presumably for horrifyingly racist reasons. As far as Schlitzie's birthdate goes, 1901 is the most commonly suggested ...

So of course horses are very good at escaping from something landing on their backs. The miracle is that in spite of this innate reaction, sometimes horses learn to tolerate and even enjoy being ridden by trusted humans and occasionally by other animals that are associated with trusted humans, like herding dogs and other working dogs.

Wild horses live and behave far differently than do domesticated horses. Most notably, to survive in their ecological setting, natural selection among wild horses increases the chance of the populations survival by ensuring that those traits best suited for living in the arid, harsh American west are passed on to future generations.

The truth about the NYC Carriage Horses - Straight from ...

"There is a lot of folklore about equestrian statues, especially the ones with riders on them. There is said to be a code in the number and placement of the horse's hooves: If one of the horse's hooves is in the air, the rider was wounded in battle; two legs in the air means that the rider was killed in battle; three legs in the air indicates that the rider got lost on the way to the battle ...
